

Fund Description

The Gas Tax Fund is the result of laws that tax the sale of gasoline. The current total tax on fuel is 18 cents per gallon. The City share of gas tax revenue is based on a formula consisting of vehicle registration, assessed valuation, and population. The funding generated is used to perform citywide repairs and restoration to existing roadways, reduce congestion, improve safety, and provide for the construction of assets within the public right-of-way.

The Gas Tax funds the maintenance of street lighting, traffic signals, traffic signs, and marking, including the City's share of the Gaslamp Quarter Lighting and the San Diego Street Lighting District Number One. The Gas Tax also funds street maintenance, median landscape, tree-trimming, and waste removal in the street right-of-ways.

For Fiscal Year 2012, gas tax revenues have been allocated to four departments: Transportation & Storm Water, Park and Recreation, Economic Development, and City Comptroller. The revenue is primarily allocated to the Transportation & Storm Water Department for reimbursement of street maintenance services and traffic engineering. The Maintenance Assessment Districts (MADs) provide landscape maintenance for center medians and right-of-ways within residential and commercial areas. The Park and Recreation Department is reimbursed for costs predominantly related to residential MADs; however, it can include some commercial MADs. This department is also reimbursed for administrative oversight of the MADs and the Street Median Maintenance Program. The Economic Development Division predominantly manages the commercial MAD allocation; however, it can include some mixed-use MADs. In addition, the City Comptroller Department is reimbursed for costs related to administrative oversight of the Fund and for project financial reporting.

^{*} At the time of publication, audited financial statements for Fiscal Years 2010 and 2011 were not available. Therefore, the Fiscal Year 2011 column reflects final budget amounts from the Fiscal Year 2011 Adopted Budget. As such, current fiscal year balances and reserves are estimates of carryover from the previous fiscal year.

¹ Park & Recreation - MADs Administration changed to Park & Recreation - Street Median Maintenance Program.

² General Services - Street Division changed to Transportation & Storm Water - Street Division.

³ Engineering & Capital Projects - Transportation Engineering Operations Division changed to Transportation & Storm Water - Transportation Engineering Operations Division.

⁴ \$11.8 million in Gas Tax not spent in Fiscal Year 2011 has been rebudgeted in Fiscal Year 2012 for Street-related work.
